

Manual Store

Accessing Manual Store

The Manual Store feature is used to store specific stock numbers into a stock location.

To navigate to the Manual Store section on the warehouse scanner, click the burger menu icon in the top left of the screen.

From the menu, select the **Manual Store** option.

Selecting a Stock Location

Select the stock location where you wish to store the stock. You can do this by either:

- Scanning the stock location QR code or barcode provided, or
- Selecting a stock location from the dropdown list by pressing the small ▾ icon.

Notes

Storing Items

Scan or add all items that you wish to store in the selected stock location.

Once all items have been added, click the **Store** button to move the items into this location.
