

Product Page Custom Tabs (WIP)

Setting Up Custom Product Tabs

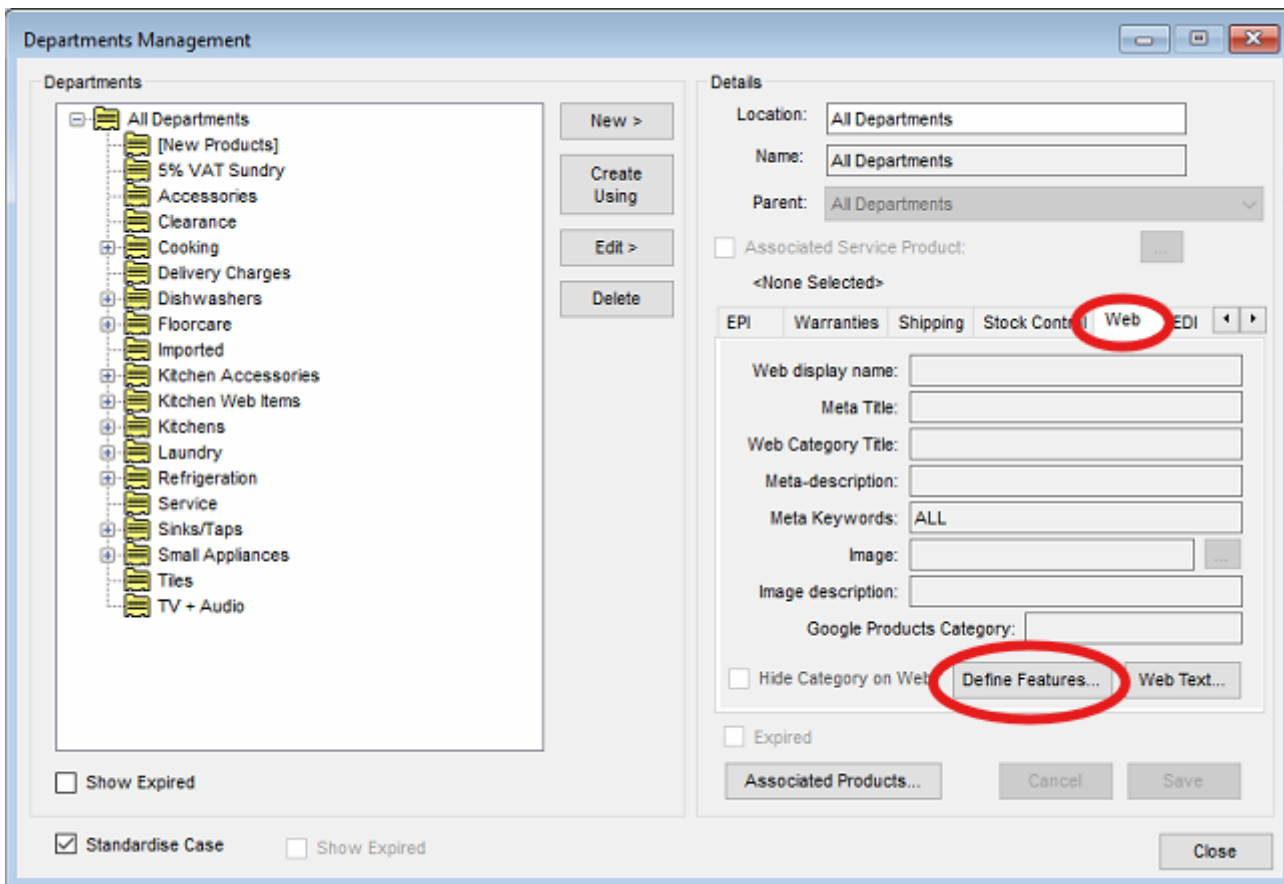

This guide is for setting up new tabs below products.

Creating the feature in NCompass

Navigate to **Administration > Department Management**.

Select the **Web** tab and click **Define Features**.

Create a new feature, the **Display Name** will be the name of the tab on the website.

Set the **Display priority** to -99, **Feature Type** to Dropdown, and **Link Mode** to Standard mode.
